### **DETAILED ACTION**

A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on 17 June 2010 has been entered.

Applicants' response, filed 17 June 2010 has been fully considered

### **Reasons for Allowance**

The following is an examiner's statement of reasons for allowance: Claims 1-15, 17, and 23-29 are allowed. Claims 16 and 18-22 have been cancelled. Claims 1-15, 17, and 23-29 are allowed for the reasons of record. Specifically, the prior art does not teach or fairly suggest a method of measuring a chromosome territory based on quantified positioning state, classifying the image by setting an attribute parameter, calculating a class membership probability for a plurality of pixels, and calculating an evaluation function representing a goodness of estimation as is instantly claimed. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Art Unit: 1631

### **35 USC 103 Rejection**

It is noted that the 35 USC 103(a) rejection of Parada et al. in view of Kiyuna (7,136,540) has been withdrawn in view of the statement of common ownership at the time the invention was made.

It is also noted that Applicant states in the response of 17 June 2010 that the Kiyuna reference is removed as prior art under 102(a) with respect to the present claims based on the sworn English translation of the foreign priority document JP 2003-282122 with a priority date of 29 July 2003. This is not persuasive, as the Kiyuna reference is a 102(e) type reference over the instant application and has a priority date of 10 April 2002 (date of foreign priority) and has a filing date of 23 April 2003, before the foreign priority date of the instant application.

### **Drawings**

The Drawings submitted 24 January 2006 have been accepted.
